🔗 Portfolio

Education

2019 – 2023 **Bachelor of Technology - Mechanical Engineering**
Rajasthan technical university
CGPA : 8.56

Skills

- HTML
- CSS
- JavaScript
- React Js
- Tailwind CSS
- Material UI
- Express Js
- MongoDB

Internship Experience

2023/11 – present **Grras Solutions (P) Ltd.**
Jaipur, India *Full stack developer trainee*

- Collaborated with a diverse development team post-training.
- Managed website design, content, and database operations.
- Developed RESTful APIs for enhanced functionality.
- Contributed to database-centric projects and user-facing website development.

Projects

E-commerce Website (MERN) [🔗](#)

- Developed a MERN stack e-commerce platform with user registration, authentication, and management dashboards. Developed admin tools for product and query management, with improved database, routing, and navigation using React.js, MongoDB, Express.js, and Node.js.

BookUsNow [🔗](#)

An event details website

- The primary goal of this project was to create a user-friendly platform that provides detailed information about upcoming and recommended shows. The website aims to keep users informed about the latest events and help them plan their entertainment schedule effectively.

Amazon Clone [🔗](#)

- Engineered an Amazon Clone with a keen focus on UI design and performance optimization. Crafted using React, MDB Bootstrap, and React-Redux, the project boasts a responsive design and efficient shopping cart functionality.

AlertScope [🔗](#)

Real-Time Metrics Visualization Dashboard

- Crafted an advanced dashboard for real-time data visualization, facilitating the effective tracking and analysis of alert metrics. Utilized Plotly integrated with React to generate dynamic visualizations such as Alert Frequency Over Time (Line Graph), Alerts by Category (Bar Chart), and Alerts by Severity (Pie Chart).

Portfolio Website [🔗](#)

- The site emphasizes my expertise in React.js and showcases seamless integration with EmailJS. This interactive platform demonstrates my adeptness in designing and implementing structured, user-focused web interfaces, highlighting my projects dedication to delivering high-quality digital solutions and engaging user experiences.
